

First International Summer School on Data Science for Mobility October 3 - 7 – 2022, Kastelli Resort, Kamari Village Santorini, Greece

Terms of participation

The event is organized by the MASTER Project Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement N. 777695, under the administration of University of Piraeus Research Center. In this document, the term “organizers” refers to this entity unless otherwise stated.

1. Registration

By registering, you agree to the following terms of participation. In each case, you need to register for events in writing via email. The organizers will confirm the registration no later than upon the registration deadline. The contract takes effect upon receipt of the confirmation. If your registration cannot be considered, the organizers will notify you accordingly.

2. Revocation and termination

- 1) The contractual partner may revoke the contract if he/she notifies the organizers in writing of his/her revocation by observing the time limit at point 4 (*). The receipt of the revocation notice by the organizers is relevant.
- 2) Only partially participating in an event will not entitle you to reduced participation fee. This also applies to non-participation in the event. A participant may be replaced by another in his/her price category. The termination right for good cause shall remain unaffected.
- 3) In case a VISA letter has been issued it is not possible anymore to ask for a refund. Refunds will only be possible in case of travelling restrictions imposed by the country of residence of the registered participant or the country of the school.
- 4) *Full refund will be possible until July 30th (except of bank expenses which are out of the jurisdiction of the organizers). After that, a 50% penalty will be applied until 15 of September. If the revocation is not declared in due time, the contractual partner is obligated to pay the fee in full and there will be no refund. In all cases where COVID-related travel restrictions are imposed by the Country of residence of the registered participant or the Country of the school, or other proven force majeure causes, the fee will be refunded in full.

3. Cancellation of events

The organizers retain the right, in particular in the case of an insufficient number of registrations, to cancel events. In this case, the participant will be reimbursed for any fees already paid. Any further claims for damages are excluded. This also applies in the case of last-minute cancellations or cancellations of events even if it should not be possible anymore to notify the participants beforehand.

4. Replacement of speakers

Insofar as the overall design of the event is not significantly affected, the replacement of speakers and changes in the agenda shall not entitle participants to withdraw from the contract nor to reduce the fee. The options to terminate the contract for good cause shall remain unaffected.

5. Liability

Any liability of the organizers shall be excluded for damages incurred by the customer for any legal cause – including default, impossibility, inadequate performance and non-contractual (legal) liability – unless the damage was caused in a grossly negligent manner or with intent by the organizers. The organizers shall not be liable for damages which may be caused by viruses on copied storage media. Any storage media brought along by participants may not be uploaded on our computers as a matter of principle. Should incur any damage by an infringing activity, the organizers reserve the right to claim damages.

6. Data protection and retention

By registering, the participant agrees to the organizers saving his or her personal data. The participant agrees to the fact that a list of participants including name, first name and company may be forwarded to the speakers and participants of the event. Personal data are neither published nor forwarded to unauthorized third parties by the organizers.

7. Side agreements

Side agreements require the written form in order to be effective.

8. Note on photography

Photographs will be taken and videos made during the event. These will be used for documentation and follow-up reporting. By registering, the participant consents to the use of all images of him or her taken during the event for the aforementioned purposes. By registering, the participant acknowledges understanding that no form of compensation for such usage, monetary or otherwise, will be given.
